World Champion

CN El Balís
David / Alex Charles
2012 420 World Champions

Sailing conditions in Catalonia

- No tides at all and just small currents if any
- Winds in winter are always unpredictable, but very frequently we have thermic winds from 210°, in a range between 8 and 15 kt
- Water temperature will be about 14C and air temperature about 12-18C
- Sunny days most of the time

It is not only regattas...

We offer a complete service to sailors. Come to Catalonia before the Christmas Race and leave your boat here until the end of the Velanum Trophy. Come to sail whenever you want; just take a low cost flight to Barcelona or Girona and enjoy the Mediterranean winter sailing.

In your absence, we can take care of your boat, we will take charge of the repairs if any is necessary, we can collect you at the airport and take you there at the end of the regattas or the trainings. There are not big distances between the venues, but if you want we can even transport your boat for you to the next regatta venue.

Come with your own coach or just train with our really experienced stuff. If your level was comparable (*), and there were available places, you could even train with our local fleets.

(*) One day of private training will be necessary to certify your level.

Prices

- Each team has its particular necessities and availabilities which doesn't allow us to have a standard prices list. We recommend you to contact the different clubs or the coordinator in order to prepare a tailored budgeted for you. We can offer you all what you may need, just let us know what and when you want it.

Our facilities

- Changing rooms with showers and lavatories
- Classrooms
- Crane for ribs
- Drying room
- Storage room
- Well protected boat parks
- Launching ramps

Restaurants in the harbours and around with different food styles

Nautical shops and supermarkets in the surroundings
